PUBLIC SAFETY AND HOMELAND SECURITY BUREAU INVITES COMMENTS ON REGION 24 (MISSOURI) 700 MHZ REGIONAL PLAN AMENDMENT

PS Docket No. 06-229 and WT Docket No. 02-378

Comments Due: April 3, 2008

Reply Comments Due: April 14, 2008

On July 31, 2007, the Federal Communications Commission (Commission) adopted a *Second Report and Order* revising the rules governing wireless licenses in the 700 MHz band.¹ The Commission adopted a plan for the 700 MHz band to establish a nationwide, interoperable public safety broadband communications network for the benefit of state and local public safety users. The Commission designated the lower half of the 700 MHz public safety band for broadband communications (763-768/793-798 MHz) and consolidated existing narrowband allocations in the upper half of the public safety 700 MHz band (769-775/799-805 MHz).

In revising the band plan for the public safety 700 MHz band, the Commission noted that consolidating the narrowband channels in the upper part of the band will impact approved and pending 700 MHz regional planning committee (RPC) plans (*i.e.*, require that the plans be amended).² The Commission required RPCs with approved plans or plans on file to submit amended plans consistent with the decisions adopted in the *Second Report and Order* by November 23, 2007.³ On November 9, 2007, the Public Safety and Homeland Security Bureau (Bureau) extended the deadline for RPCs to submit

³ As of the adoption date of the *Second Report and Order*, the following regional plans had been approved: Region 5 (Southern California), Region 19 (New England), Region 24 (Missouri), Region 22 (Minnesota), Region 12 (Idaho), Region 43 (Washington), Region 41 (Utah), Region 3 (Arizona), and Region 40 (Northern Texas). The following regional plans were pending as of the adoption date of the *Second Report and Order*: Region 1 (Alabama), Region 27 (Nevada), Region 45 (Wisconsin), Region 7 (Colorado), Region 9 (Florida), Region 16 (Kansas), and Region 20 (Northern Virginia, Maryland and the District of Columbia).

amended plans, consistent with the decisions adopted in the *Second Report and Order*, to January 31, 2008, and provided additional guidance for the development of plan amendments.⁴

On January 31, 2008, the Region 24 (Missouri)⁵ 700 MHz Regional Planning Committee submitted a proposed amendment to its 700 MHz Public Safety Plan for review and approval.⁶ Region 24 concurrently requests a temporary, limited waiver of Section 90.527(a)(5), which provides that regional plans must include an explanation of how the plan had been coordinated with adjacent regions, because it has been unsuccessful in obtaining Letters of Concurrence from three of its adjacent regions: Region 4 (Arkansas); Region 17 (Kentucky); and Region 34 (Oklahoma). Region 24 indicates that it made every reasonable effort to obtain the consent of all adjacent regions.⁷ The proposed plan amendment was reviewed by, and Letters of Concurrence obtained from, five of the eight regions adjacent to Region 24: Region 13 (Illinois); Region 15 (Iowa); Region 16 (Kansas); Region 26 (Nebraska); and Region 39 (Tennessee).⁸

The plan amendment does the following:

- Updates Plan Section 1, by identifying the document as the 769-775/799-805 MHz regional plan for Region 24 Missouri; and by revising Sections 1.1 and 1.2 to identify the members elected to the RPC chair and vice-chair positions.
- Deletes Plan Section 3.5, Wideband Data, and inserts instructions for entities desiring implementation of either wideband or broadband data systems, to contact the Public Safety Broadband Licensee as set forth in the *Second Report and Order*.⁹
- Revises Plan Appendix G – Region 24 Channel Allotments, by correcting the frequencies to conform to the new consolidated narrowband spectrum plan.¹⁰

⁵ The Region 24 (Missouri) 700 MHz regional planning area encompasses the entire state of Missouri, consisting of 114 counties and the City of St. Louis (which does not reside within a Missouri county). See Plan Appendix C – List of Counties within Region 24.

Makky, Sr., Region 24 700 MHz Regional Planning Committee, to Federal Communications Commission, Public Safety and Homeland Security Bureau, WT Docket No. 96-86, PS Docket No. 06-229 (filed Jan. 31, 2008) (Plan Amendment and Waiver Request). The Region 24 Plan was initially approved in July 2005. ⁷ See Waiver Request at 1-2; see also 47 C.F.R. § 90.527(a)(5). We anticipate that Region 24 will pursue the outstanding Letters of Concurrence and supplement its filing in a timely manner.
